

MID ARKANSAS
RADIO CONTROL SOCIETY INC.

NEW MEMBER APPLICATION

MARCS, INC. is a non-profit Radio Control (R/C) flying club serving the Central Arkansas area. MARCS' flying field, Bishop Field, is only a few short miles from the metro Little Rock, North Little Rock and Jacksonville areas. Bishop Field has a close-cut, smooth, grass runway oriented north-south. The runway is approximately 125 feet wide by 450 feet long with medium grass berms at each end. Support areas include a spacious pit area with two large shade structures, an enclosed shed, spectator area and a large parking area. Members have unrestricted access to the field. MARCS is an Academy of Model Aeronautics (AMA) chartered club (AMA Charter #107). An AMA membership is required for MARCS membership. The AMA provides insurance for the property owners as well as our individual members. AMA membership is required at almost all chartered R/C clubs nationwide and many allow MARCS members to fly as guests. Bishop Field use is restricted to MARCS members. Any AMA member may fly as a MARCS guest on a one-time basis. Short-term memberships can be arranged for AMA members who may be in the local area for only a few months. Spectators are always welcome when members are present. We have instructors available for flight training and test flights of your plane. They can also provide a flight test of your plane prior to you becoming an AMA/MARCS member. This is limited to a one-time flight, flown only by the instructor – no training and no major problems during setup. Access to Bishop Field is from the old Memphis Highway, Hwy 70. Closest exits from I-40 are Prothro Junction (west of field) or I-440 if you're coming from the east side of the field. A map is available at <http://themarcs.org>.

Spectators are always
WELCOME

CAUTION
BUILDING AND FLYING R/C
AIRCRAFT IS CONTAGIOUS!

APPLICATION INFORMATION

NAME: _____

TELEPHONE: _____

MAILING ADDRESS: _____ EMAIL: _____
